Animal Rights The Changing Debate

These questions have long bedeviled scientists, philosophers, and animal advocates and today remain as contested as ever. Combining the writings of leading academics and activists such as Peter Singer and Michael W. Fox, this anthology examines the development of animal rights discourse over the past quarter century to anticipate the future of the debate.

Many issues concerning animal rights are fluid and evolutionary, with legislative changes occurring every day at the state and federal level. For example, Grey2KUSA Worldwide announced on May 13, 2016, that Arizona became the 40th state to ban greyhound racing .

The Top 10 Animal Rights Issues - ThoughtCo

The pros and cons of animal rights should cause us to question our belief structures. How we treat animals is a reflection of how we treat others. Giving animals more protections under the laws that govern property may make sense, but giving animals an equivalency may not. There is no easy answer or compromise to this debate.

11 Pros and Cons of Animal Rights - Vittana.org

It's a common misconception that animal rights advocates want all domestic animals to go extinct. That means not only no more cows, chickens, and pigs raised for meat, but also no cats, dogs, horses, hamsters, etc. raised as animal companions. Animal rights advocates realize just how strong the human/animal bond can be.
