Panasonic Viera TC-P65VT25 Review - HDTV Universe

The Panasonic TC-P65VT25 is an amazing product. The ability to reproduce high definition 1080p images and action sequences is excellent. Blu-ray movies such as The Dark Knight, The International, and the BBC series Life have incredible clarity and realism on this TV. Motion and aliasing artifacts are very infrequent on blu-ray, DVDs, or HDTV.

Dear reader, I have done extensive research and spent countless hours analyzing several different plasma TV's that respectively have similar criteria as the Panasonic TC-P65VT25. I have conducted this research for almost the better portion of this calendar year, and I may say that there is NO equivalent plasma TV out on the market.

I even bought the Samsung PN58C800 and Panasonic TC-P58VT25 TVs together until the Panasonic TC-P58VT25 showed me what the TV is made of. This TV has no flaw regarding if you are watching 2D standard TV, Blu-ray and Blu-ray 3Ds or even old DVDs coming via component cables. I am very happy that I bought this Panasonic TC-P58VT25.
