Each week this fall, we'll be introducing new Bates professors who have tenure-track positions on the faculty. This year's nine tenure appointments are in the disciplines of art and visual culture, classical and medieval studies, economics (two appointments), English, environmental studies, dance, politics, and psychology.

Meet new Bates faculty: Nivedhitha Subramanian and what ...

Therefore, future studies should include more objective sleep measures, such as actigraphy methods, to control for the potential bias of subjective reports. Further, there are other potential factors that might affect these results, such as parental mental health or other environmental and socio-economic factors.
